Skills

Languages Java, Python, SQL

Frontend React, Next.js, TypeScript, JavaScript,

Backend Node.js, Express, MongoDB, MySQL, Firebase

Tools Git, GitHub, Docker, Postman

Others Tailwind CSS, GSAP, Framer Motion, WordPress

CourseWork DBMS, CN, OS, OOPs

Experience

DK Technoz

Intern – Web Developer WordPress

- Designed, customized, and maintained responsive WordPress websites to improve user experience and SEO performance.
- Native**, creating scalable educational tools.
- Worked with themes, plugins, and page builders (Elementor, WPBakery, etc.) to deliver client-ready projects.

Projects

Skill Swap Platform | [LINK](#)

- One to One Realtime Skill Sharing Platform | React, Node.js, Express.js, MongoDB, JWT, Socket.io, REST APIs
- Built a scalable MERN Platform with 25+ APIs, JWT authentication, and real-time matching for 1,000+ users.
- Developed a full-stack application reducing response time by 45% through optimized backend architecture.
- Engineered a responsive one-to-one learning platform with 95% mobile compatibility and personalized skill matching.

UrbanRise Builders | [LINK](#)

- Developed and deployed a React-based responsive Construction company website featuring 3D project showcase, achieving 95+ Lighthouse performance score.
- Optimized page load speed by 40% using compression and lazy loading ensuring smooth user experience devices.
- Built reusable component architecture, reducing code redundancy by 45% and achieving 100% responsiveness.

Wood Craft Website | [LINK](#)

- Developed woodcraft platform with modular components, improving UI scalability and maintainability by 35%.
- Implemented 15+ advanced animation and smooth scrolling, boosting average session duration by 60%.
- Enhanced performance via code splitting and optimized rendering, reducing page load time by 45% Designed a fully responsive, industry-standard UI/UX, ensuring consistent performance across devices.

Employee Task Management Tool | [LINK](#)

- Enabled admins to assign tasks to employees with detailed data and deadlines.
- Allowed employees to view, negotiate, and accept or decline assigned tasks.
- Facilitated task completion tracking, enabling employees to mark tasks as done.

Education

Babasaheb Naik College OF Engineering, Pusad

Bachelor of Engineering in Computer Science Engineering

pursuing

CGPA: 8.39

Government Polytechnic, Solapur

Diploma in computer Technology

2023

Marks: 71.69%
